Annual Giving and Fundraising:

As with other successful independent schools, tuition and fees at Clariden cover only a portion of the cost of your child's education. The difference is met through contributions to the Annual Fund. All parents will be invited each year to select a level of participation that is appropriate for their family. The participation of all families is key to our mission of providing a strong academic, personal and social learning environment. The annual auction and other fundraising events and campaigns provide additional opportunities to enrich the campus and program.

The Clariden School is a 501(c)(3) non-profit organization. Donations are tax-deductible as allowed by law.
