

# Grades Kindergarten & 1st

## Curriculum

- Art & Design
- Character Education
- Exposure-Based Spanish
- Math
- Music
- Physical Education
- Reading
- Science
- Social Studies
- STEAM (Science, Technology, Engineering, Art, Math)
- Technology & Keyboarding
- Writing

## Project Examples

**A Home for Everyone:** Students will study animals and their habitats while learning about how organisms are dependent on one another in addition to the habitat. They will learn about conservation and steps we can take to preserve species and prevent habitat loss.

**Chickens:** Students will explore the life cycles to determine which animals are born hatched or alive. Through this study, students will learn about the life cycle of a chicken while gaining developmental phases from incubation to baby chicks!

**Measure Up:** Cup, pint, quart, OH MY! Students will explore the various types of measurement including liquids and solids while learning how to measure using a variety of instruments.

**Dig In:** Students will learn about the different layers of soil, types of soil, and erosion. They will study types of rocks and their formation as they explore the rock cycle.

**Pride:** We're all about that Cougar Pride. Through the study of community, students will learn about leadership, fairness, responsibility, and courage. They will learn about good citizenship and historical figures who have had positive impacts on their community.

## Field Study Examples

- Bob Jones Nature Center
- The Perot Museum
- U.S. Bureau of Engraving and Printing
- Vetro Glassblowing
- Heard Natural Science Museum and Wildlife Sanctuary

## Enrichment Programs

- Presentation Skills
- Computer Skills

## Assessments

- Presentations of Learning
- Summative & Formative Classroom Assessment
- Parent/Teacher Conference: Fall/Spring
- Progress Reports: End of Term (October, February, May)
- TPRI Assessment: Fall, Spring

## Schedule
