

COUGAR PREP: 4-5 YRS

Our Lower School academic program is carefully crafted and designed to meet and exceed state and national standards, preparing our students for academic success in their Upper School years and beyond.

CURRICULUM

- Character Education
- English Language Arts
- Introductory Spanish
- Mathematics
- Project-Based Learning
- Science
- Social & Emotional Development
- Social Studies
- S.T.E.A.M.
- Technology & Keyboarding

PROJECT EXAMPLES

Color My World: Students will learn where colors are found within our world and how different colors can express feelings and emotions. Through the study of color students will explore the beauty of diversity in our world.

Once Upon a Time: Through the study of classic fairy tales students will learn the elements of a story and the art of storytelling. They will gain an understanding of critical thinking skills and right from wrong while expanding their reading comprehension skills.

FIELD STUDY EXAMPLES

- Visit Ride with Pride Horsemanship School to visit real horse stables, learn about horses, how to care for them, and how to ride them as part of the Horse Project.
- Visit Home Depot to meet with building experts and to do a hands-on building project as part of the Engineers Project.
- Visit a working bee farm to see how bees live in hives, where honey comes from, and to learn from a local bee farmer as part of the Honey Bees Project.
- Visit Nash Farm to learn how life was lived on a farm over the past century as part of the Garden Project.

ENRICHMENT PROGRAMS

- Art & Design
- Music
- Physical Education

GUEST & EXPERT SPEAKERS

- Various local community members (international cultures and careers)
