

# KINDERGARTEN

Our Lower School academic program is carefully crafted and designed to meet and exceed the national standards, preparing our students for academic success in their Upper School years and beyond.

## CURRICULUM

- Character Education
- English Language Arts
- Mathematics
- Project-Based Learning
- Science
- Social & Emotional Development
- Spanish
- Social Studies
- S.T.E.A.M.
- Technology & Keyboarding

## PROJECT EXAMPLES

**Tree of Life:** Students will learn about various types of trees, the life cycle of trees, how trees support the ecosystem. Students will learn about the various regions that trees grow in and how they provide for various living species.

**Shapes:** Students will learn about various shapes. They will explore objects within their environments - identifying various shapes observed. Using the creative process, students will explore building with various shapes.

**Raining Cats & Dogs:** Through the study of cats and dogs, students will learn about our furry friends. From getting to know what jobs dogs have done throughout history to the character traits of different breeds of cats and dogs, there is just so much to know!

**Tall Tales:** Students will learn about storytelling, the history of tall tales, and how they are structured. Through the reading of tales, students will learn new vocabulary, practice rhyming words, learn about various authors and illustrators.

## FIELD STUDY EXAMPLES

- Kimbell Art Museum in Fort Worth

## ENRICHMENT PROGRAMS

- Art & Design
- Music
- Physical Education

## GUEST & EXPERT SPEAKERS

- TreeNewal, Certified Arborist
- Various local community members (international cultures, issues, and careers)
